

recognize 学校
深圳

client: recognize academy

design and site supervision for the reconstruction and adaptation of existing school buildings in order to better facilitate growing needs of the school. key feature of the project is the new built glassbox that integrates two existing buildings creating a flexible multipurpose common area in-between them.

客户:recognize学校

为满足学校的发展的需求，对重建和现存学校建筑的适宜性进行设计和现场监管。项目设计的亮点是新建的玻璃屋，它将两幢建筑连接在一起，在中间创造出一个灵活的多功能公共空间。不仅提供更大容量也更有效地利用了空间。进行阶段性规划的时候我们非常谨慎的与承包商协调争取在不影响孩子们上课的情况下，在较短的时间内完工。
