Dear Sir,

Contract No. HY/2011/03
Hong Kong – Zhuhai – Macao Bridge (HZMB)
Hong Kong Link Road (HKLR)
Section between Scenic Hill and Hong Kong Boundary Crossing Facilities
Tree Removal Application (TRA-03) for Additional Trees (Revision D)

I refer to your letter of 29 June 2015 which enclosed the captioned submission.

Your submission has been examined in accordance with Lands Administration Office Practice Note (LAO PN) No. 7/2007 issued by the Lands Department. Please note the following comments for your follow up action:-

(a) There are discrepancies of "Total Planting Area" and "Quantity of Tree Planting" as shown in Table 7.1 when compared with the Landscape Design Compensatory Planting Plan Detail 1/2 (Drawing No. 4809-LD-9102 Rev. E). Please rectify.

(b) Given that the Airport Authority (AA) is the lot owner and will be responsible for maintenance of the compensatory planting, AA's agreement on the content of the TRA is a pre-requisite for our approval. Please provide written record of AA's agreement on TRA-03 Rev. D.

(c) Compensatory Planting Area C12(a) and C12(c) as well as Tree Area 18 fall outside the gazette boundary of the HKLR project. You are not in a position to carry out works on the said areas unless authorized by AA. Please obtain such authorization/agreement from AA.

Xc Atkins

(d) In accordance with Special Condition No. (19) of the airport land grant, the grantee shall thereafter keep and maintain the landscape works in a clean, neat, tidy, functional and healthy condition all to the satisfaction of the Director. Please remind AA that timely and appropriate horticultural maintenance with reasonable precautionary/protection measures are vital for tree preservation.

Contract No. HY/2011/03
Hong Kong-Zhuhai-Macao Bridge Hong Kong Link Road - Section Between Scenic Hill and Hong Kong Boundary Crossing Facilities
Tree Removal Application(TRA-03) for Additional Trees (Revision D)

I refer to China State Construction Engineering (Hong Kong) Ltd.'s submission under their letter ref. CSHK/CDA/G.2/5.09/2015/14443 dated 29.6.2015 regarding the captioned.

2. With reference to Drawing No. 4809-LD-9102 (Rev E), typo is noted in Table 7.1 for the quantity of tree planting and matrix area in planting areas C-12(a), C-12(b) and C-12(c).

3. I note that no additional trees under maintenance of HyD/LU are affected. Vetting from our Tree Works Vetting Committee (TWVC) is not required. I also note that the revised compensation planting proposal does not have compensation trees to be handed over to HyD/LU as indicated in Table 7.1 and Table 7.2. I have no comment on the captioned submission from Highways landscape and vegetation maintenance point of view.

Dear Sirs

Contract No. HY/2011/03
Hong Kong-Zhuhai-Macao Bridge
Hong Kong Link Road – Section between Scenic Hill and Hong Kong Boundary Crossing Facilities
AAHK's Comments on TRA-03 – Compensatory Planting Proposal

We attach herewith for your necessary action a copy of AAHK's letter ref. PSU/HKZMB/O/1165 dated 11 September 2015 providing their comments on your TRA-03.

We note in AAHK's letter of 11 September 2015 that due to the limited planting area in HKIA, AAHK have no objection to having the 18 nos. of compensatory trees planted outside HKIA. It follows that TRA-03 needs to be reviewed and new planting locations, which should be outside HKIA and presumably within Government land, for the 18 nos. compensatory trees need to be considered.

We also note from your DDA Package No. 10.1.1 Rev. 1 – Landscape Design (Private Land) that you have made some changes to the design of the compensatory planting areas within HKIA which was originally approved under TRA-01 and TRA-02 by LandsD.

In this connection, please review your landscape design and consider to submit a revised compensatory planting proposal, say via an updated TRA-03 or under another Tree Removal Application TRA-04, to wrap up the foregoing changes and obtain approval from all the relevant authorities in particular LandsD.

Your prompt action to the above is hereby requested.

Yours faithfully

Jackson C S Wong

Dear Sirs,

Contract No. HY/2011/03
Hong Kong-Zhuhai-Macao Bridge Hong Kong Link Road –
Section between Scenic Hill and Hong Kong Boundary Crossing Facilities

Tree Removal Application (TRA-03) – Compensatory Trees Outside Airport Island

We refer to your letter ref. 214487/(HY/2011/03)/C75/100/B10759 received on 28 August 2015 regarding the captioned subject.

Due to the limited planting area in HKIA, we have no objection to plant the 18 nos. of compensatory trees outside HKIA. Please formally submit the finalized landscape proposal including the compensated trees outside HKIA for our approval.

In addition, please be reminded that the Tree Removal Application shall be approved by all relevant government departments, in particular LandsD. The landscaping plans shall also comply with the Environmental Permits.

Should you require any clarification, please do not hesitate to contact our Mr. Kevin Chim at 2188 7536 or Mr. Andy Wong at 2188 7750.

Yours faithfully,

Collin Chan

Subject: Re: HY/2011/03 - Tree Removal Application TRA-03 Rev. C
Importance: High

Dear Angela,

It is noted that AA has not yet agreed to the details of the compensatory planting proposal. Furthermore, the notice of no objection from AA was referring to TRA-03 Rev. B instead of Rev. C.

Given that AA will be responsible for maintenance of the compensatory planting, AA's agreement on the compensatory planting proposal is a pre-requisite for our approval on TRA-03 Rev. C. Please follow up with AA to obtain their agreement on TRA-03 Rev. C.

For the Tree Area 9A and 17 and Compensatory Planting Area C-12, please advise the G.N. and plan nos. relevant to the creation of TOA thereon.

Importance: High

Dear Angela,

It is noted that AA has not yet agreed to the details of the compensatory planting proposal. Furthermore, the notice of no objection from AA was referring to TRA-03 Rev. B instead of Rev. C.

Given that AA will be responsible for maintenance of the compensatory planting, AA's agreement on the compensatory planting proposal is a pre-requisite for our approval on TRA-03 Rev. C. Please follow up with AA to obtain their agreement on TRA-03 Rev. C.

For the Tree Area 9A and 17 and Compensatory Planting Area C-12, please advise the G.N. and plan nos. relevant to the creation of TOA thereon.

(Attn: Mr. S. Y. TSE)

Dear Sir,

Contract No. HY/2011/03
Hong Kong – Zhuhai – Macao Bridge Hong Kong Link Road –
Section between Scenic Hill and Hong Kong Boundary Crossing Facilities
Tree Removal Application (TRA-03) for Additional Trees (Revision B)

I refer to your letter of 29 September 2014 regarding the captioned.

Your submission [in an unbound report titled *Tree Removal Application (TRA-3) Additional Trees (Rev.B) dated August 2014* with response to comments (in Appendix E)] has been examined in accordance with Lands Administration Office Practice Note (LAO PN) No. 7/2007 issued by Lands Department.

Based on the information provided, the submission proposed to fell 21 nos. of trees (with aggregated DBH of 3750mm) as shown in Table 5.2, *Existing Tree Schedules* (Appendix B), and *Tree Survey Record Detail* [Drawing No. 4809-LD-9004 and 4809-LD-9005 (both Rev.D), and 4809-LD-9010(Rev.B)] (Appendix A), with 32 nos. of compensatory trees (with aggregated DBH of 3840mm) as per Para.7.1 and *Compensatory Planting Plan* [Drawing No. 4809-LD-9014 (Rev.D)]. Please provide the following for our further consideration:-

(a) The full name of the person who conduct tree assessment together with his/her professional or vocational qualification in arboriculture/horticulture shall be stated in the tree assessment schedule in accordance with LAO PN No. 7/2007 Appendix II Section I Para. 2(b);
(b) Drawing Nos. of tree survey plans as stated in Para. 4.1 to 4.3 of the report do not tally with the actual drawings in Appendix A;
(c) There is typo error in quantity of trees proposed to be felled in Area 18 as shown in Table 5.2;
(d) *Photographic Record of Surveyed Trees* (Appendix C) shall be re-submitted as the photos were taken in September 2012 and outdated. Besides, the quality of the photos is poor;

This message and any attachment is intended for the use of the addressee only. It may contain information which is confidential and/or legally privileged. You are hereby notified that no unauthorized disclosure or use of this message is permitted. If you have received this message by mistake, please notify us immediately and delete or destroy this message, as appropriate. (e) The submission shall provide the live-crown ratio of compensatory trees in Table 7.2;
(f) Regarding the future maintenance of all trees including transplanted and compensatory trees, the LC shall submit a maintenance schedule including but not limited to tree risk assessment to be conducted at appropriate time to facilitate proper tree management and maintenance; and
(g) Forms 1B and 1D shall be submitted.

Yours faithfully,

(Ms. Juliana LAI)
for District Lands Officer, Islands

Dear Sir,

Contract No. HY/2011/03
Hong Kong – Zhuhai – Macao Bridge Hong Kong Link Road –
Section between Scenic Hill and Hong Kong Boundary Crossing Facilities
Tree Removal Application (TRA-03) for Additional Trees (Revision A)

I refer to your letter of 2 April 2014 regarding the captioned.

Your submission which included a booklet titled *Tree Removal Application (TRA-03) Additional Trees (Rev. A) dated March 2014* has been examined in accordance with Lands Administration Office Practice Note (LAO PN) No. 7/2007 issued by Lands Department. Please note the following comments for your follow up action:-

Tree Felling Application

(a) You are reminded that ETWB TCW No. 3/2006 as stated in para. 3 has been superseded by DEVB TCW No. 10/2013.

(b) With reference to para. 4, you mentioned that *"the tree survey was broken up into 23 different areas for simple recording and identification whilst 1248 trees were identified in total."* However, Table 4.1 and Form 1B show a total of 1156 trees only. You should clarify as appropriate.

(c) With reference to para. 7, you mentioned that *"for the additional 14 nos. trees now proposed to be felled under this supplementary submission..."* However, Table 5.1, Table 5.2 and para. 7.1 show that an extra 21 nos. of trees are proposed to be felled in this amendment submission. You should clarify as appropriate.

(d) Comparing with the approved Tree Removal Application (TRA-02 (Rev. E)), it is noted that Table 7.1 in this submission did not include the quantity of tree planting in seedling.

This message and any attachment is intended for the use of the addressee only. It may contain information which is confidential and/or legally privileged. You are hereby notified that no unauthorized disclosure or use of this message is permitted. If you have received this message by mistake, please notify us immediately and delete or destroy this message, as appropriate. Any liability arising from the use of this information is excluded. 本信息及任何附件只供收件人使用，而其中可能載有機密及／或屬法律特權的資料，敬請注意，未經許可，不得擅自披露或使用本信息。倘本信息誤傳給你，請立即通知本署，並刪除或銷毀本信息。本署絕不承擔因使用本信息而引致的任何法律責任。

As TRA-03 in this submission supersedes some of the information in TRA-02, you should provide the seedling planting information for consistency purpose as well.

(e) Tree survey plans are illegible to read. You should provide plans with reasonable size and scale, say 1 to 500, that clearly show the information.

(f) You should provide plans overlaying the proposed work onto the locations of existing trees and provide sections showing potential impacts to trees, where appropriate, for our consideration.

(g) You should confirm if the assessment of existing trees was carried out by a Registered Landscape Architect (RLA) or a competent person in accordance with item 2, Appendix II of LAO PN No. 7/2007 issued by Lands Department, and provide details such as RLA no. and ISA no. etc. for our information purpose.

(h) Photographic records should be date-imprinted in accordance with the requirements in LAO PN No. 7/2007.

(i) Photographic records are too small and illegible. You should provide photographic records of reasonable size.

(j) The number of compensatory trees in Form 1B should be consistent with that in Table 7.3

Compensatory Planting Proposal

(k) You should provide a compensato planting schedule in accordance with item 4, Appendix II of LAO PN No. 7.2007 issued by Lands Department.

(l) The live-crown ratio of the proposed compensatory trees should be indicated.

Yours faithfully,

(Ms. Juliana LAI)
for District Lands Officer, Islands

Comments on submission no. HZMB/HKLR03/Z/00253/A

1. Section 7: The compensatory planting proposal of a considerable number of new trees in area C12 (Drawing no. 4809-LC-9104 Rev. C refers) is not acceptable. These new trees will be located at the right-of-way along the eastern side of the development site of Hong Kong Airlines (HX) Flight Training Centre and would adversely affect HX's development. You are requested to review the location of your proposed compensatory trees. The new trees shall be planted outside the right-of–way of HX's development site where will be reverted back to AAHK in the near future.

2. Section 7.1 – Compensatory Planting (to be maintained by AAHK): It is suggested that the proposed compensation of additional 11 nos. of Hibiscus tilaceus shall be replaced by Bauhinia blakeana or Bauhinia variegate.

3. The Works shall strictly comply with the Airport Authority's Requirements (Version No. 5) for Hong Kong – Zhuhai – Macao Bridge Hong Kong Link Road – Airport Island Portion.

– End –
